

**Specially engineered for industrial applications .**  
**Cuts alu and copper cored cables even with steel wires armouring**  
**Cutting capacity : maximum cable outside diameter ( O.D. ) : 140 mm.**  
**Weight of the tool : 26 kg.**

Can be operated by means of a 700 bars nominal pressure specialized hydraulic pump or by a double effect pump  
Nominal force developed : 430 kN
